

Workshare embedded in HighQ

Secure the power of Compare Everywhere in HighQ

Workshare combines leading comparison and metadata removal features in one simple solution.

Now, you can also use online services that extend collaboration capabilities beyond the desktop, giving you the ability to securely compare new versions of a document wherever you are.

The best in comparison, in HighQ

Workshare is the No1 comparison provider.

- **Be fast.** Find changes quickly and act on them fast. Improve turnaround times on your high stakes documents and clients will love you.
- **Be accurate.** Remove the risk of missing changes to documents, and never leave sensitive content in the files you're sharing.

Using HighQ goes further than ever

- **Satisfy colleagues and deliver to clients.** Send, sync and share large, confidential files in an intuitive, secure workspace that's anchored in High Q and can be accessed anywhere.
- **Move with confidence.** Workshare extends security coverage on documents to ensure your firm can exert control over content and audit who is accessing and amending documents.

Compare Everywhere in HighQ

You need to be mobile - HighQ and Workshare recognize that. Now you can get the freedom of HighQ with the speed and accuracy of DeltaView.

Compare Everywhere is now embedded in HighQ so you can perform DeltaView comparisons directly within HighQ.

There's no need to waste time opening a separate application. Simply select your documents in HighQ and compare them to show an accurate redline in seconds. The best part is, you never need to leave HighQ.
